

REMARKS

With this amendment, a complete listing of the claims is presented and claim 81 has the correct status identifier. It is not clear to Applicant's attorney what item 4.D. requires (The claims of the amendment paper have not be presented in ascending numerical order). It appears that this is noted because the previous amendment began with claim 56 and should have included previously canceled claims 1-55 as well. This amendment presents all claims in ascending numerical order. Therefore, Applicant's attorney believes the amendment is compliant and requests clarification if that is not correct.

In view of the above amendments and discussion presented herein, Applicant believes the pending application is in condition for allowance and respectfully requests that the claims be allowed.

Applicant believes no fee is due with this response. However, if a fee is due, please charge our Deposit Account No. 23/2825, from which the undersigned is authorized to draw.

Respectfully submitted,
